Announcement Extraordinary!

Commencing at an early date the POPULAR THEATER will introduce to Honolulu "THE PERILS OF PAULINE," a film in serial, staged weekly by the FAMOUS PATHE PLAYERS.

In connection with this mammoth production the story "THE PERILS OF PAULINE" will run in serial form, each week, in the Honolulu Star-Bulletin. Each Saturday you will read an instalment of one of the most fascinating stories ever written and during the following week the action of the story will be shown in films at the POPULAR THEATER. "THE PERILS OF PAULINE" is now being presented by the Hearst Sunday newspapers throughout the United States and has proved such an unequalled success that it has numerous imitators. None, however, can compare with the Pathe offering, which is the original serial film. Any similar film offered to the public can readily be branded as a rank imitation. The name of HEARST is behind "THE PERILS OF PAULINE" in the newspaper world and that of PATHE in the world of filmdom.

BELGIUM HEART-THROBS ARE TOLD
IN POSTAL CARDS FROM BRUGES

The following letters, or rather postal cards, have been received during the past few weeks from Belgium and give the "inside" feeling of the women who are left at home to bear war's brunt. They were addressed to a local person and the names of writer and recipient are withheld by request:

Bruges, Belgium, August 30th, 1914.
I hope this card will reach you, my dear, as we live in such terrible times! You certainly are aware of what has happened in Europe and the treacherous attack made on Belgium. Since a month we have suffered all the horrors of war and are without any news from so many friends and parents in Liege, Brussels, Charleroi. So far we are quiet in Bruges, but have had a great terror too, last week when the G. only were at 10 Km. from our dear town and they are so cruel and so terrible, worse than the Huns. Now our allies are here and the situation is not bad for our country, I think, but the invaded provinces are one mass of ruin and desolation. Bruges and the coast town are full with all the refugees, many fled to France and England. How is all this to end? I shall write you a long letter as soon as possible, for now we do not know if we shall live the following day. Who would ever have thought of such calamity: the Belgians are very brave and you'll be proud to hear they are worth what Caesar said of them. Adolf is in the active service and Willy who had just finished his first exams at the University with great distinction is in the ambulance service. We have several neighbors at the front and we don't know how they are, as very little communication is given: we can't depend on the papers as so many untruths are told, so we live in perpetual anxiety, since a month we hardly sleep. Still we work much, as you can imagine there is much to do and we must all try to be useful in the measure of our means. If you know how my heart bleeds for my poor country, I know you'll feel with us. Write me a card by return, and let me know how you all are; it is better to send cards they say than letters. My mother and Marie are pretty well, but my sister in England is very ill since five months and the present is not to make her better, alas! I write her as often as I can, but all correspondence is delayed at the P. O. so we get our cards a long time after they are posted, if

we get them at all. May God help us and save our dear country! Best love to you all from us all.

September 1.
I got your letter my dear and hope you received the P. C. I sent you on the 23rd of August. As you can quite well think correspondence is rather difficult now. Our poor country is very badly treated indeed, and you must have seen in the papers how we fare. I dare not send you a letter, as cards are surer to reach you. So far Bruges is not invaded, but the G. are near Ghent already, so we don't know what is going to happen, alas! Will they spare our treasures? You can imagine our anxiety, and the terror we live in. If only this was an ordinary war, but it is worse than every invasion of old, so we must be prepared for everything. I think that you may be quiet for the present about England as the G. are too busy in France and here; they are not far from Paris which is their object. If the G. come here, it may be long before I can write to you as we shall not be allowed to send letters abroad. What sad and terrible days we pass! My husband is away all day, I scarcely see him a few moments at night. W. is at the military hospital, helping as well as he can. Since the war we have no news what ever about all friends and relations of the invaded parts, so I am very sorry not to be able to let you know how they fare. As soon as it will be possible, I'll let you know what news we get. My heart is full to overflowing when I think of it all and these are our holidays! Since six weeks we have scarcely slept or lived! As we are in war state, we can't leave the inside of the town without a passport, so we can't go to my mother's even without being visited. Nearly every day airplanes pass over the town, today we saw a German Taube as they call them, and two English aeroplanes. It is really wonderful to see them fly and to say that all man's genius only serves him to destroy his fellow men! The town is full as you can hardly imagine with refugees from all parts of Belgium, schools and public places are full and it breaks your heart to hear the sad tales of a hasty flight and so many families who have lost their people and don't know where they are! We do all we can for the refugees as you can well think. How is all this to end? We must wait and be patient, we have the good sight for us and hope God will help us. Best love from all and write us soon. I'll send you news as long as I can.

Yours always,

The Test.

A CHILD'S LAXATIVE
IS "SYRUP OF FIGS"

They love to take it and it doesn't harm the tender little stomach, liver and bowels.

Your little one's stomach is coated, it is a sure sign the stomach, liver and bowels need a gentle, thorough cleansing at once. When your child is cross, peevish, listless, pale, doesn't sleep, eat or act naturally, if breath is bad, stomach sour, system full of cold, throat sore, or if feverish, give a teaspoonful of "California Syrup of Figs," and in a few hours all the clogged-up, constipated waste, sour bile and undigested food will gently move out of the bowels, and you have a well-playful child again.

Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. They also know a little given today saves a sick child tomorrow.

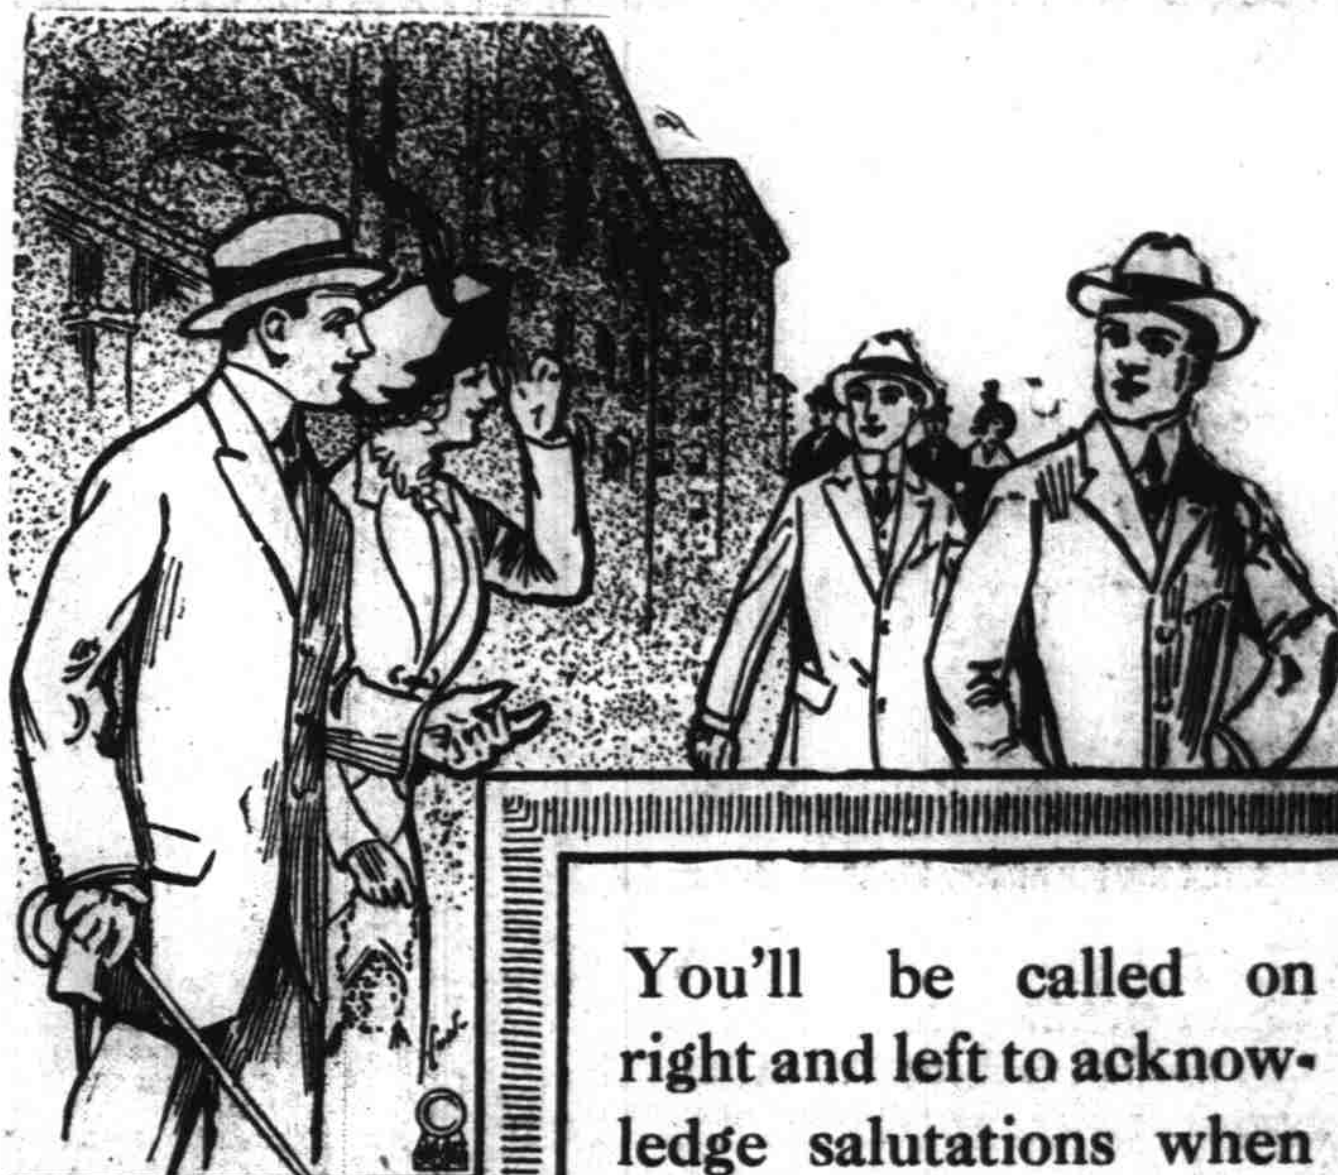

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. Get the genuine, made by California Fig Syrup Company. Don't be fooled!—advertisement.
